Dear clients,

Rates can be really confusion. Different seasons, hidden extra charges, no or incomprehensible explanation. We don't want to confuse you that's why we made our lists as easy as possible.

The quoted rates are per night and person (respectively per suite or Villa). Please consider the respective Special offers and Children's specials.

You can organise your travel individually and combine it with any airline that flies to the proposed destination. We would be glad to help you.

Rates are subject to modifications that can be caused by contract partners, exchange rate or misprints.

We attach big importance to the following points: Our guests should get a personal service on location, as an individual traveler, can expect by booking by Mauritius Individuell. This starts with an **individual advice** given by professionals that know the island and follows with an **individual transfer** on arrival (for example you will be personally picked up by our drivers at the airport and directly driven to your hotel) as well as an **individual support service** given by our tour guide during your stay.
