MAURITIUS

Villas and apartments

2010 / 2011

Dear clients,

Rates can be really confusion. Different seasons, hidden extra charges, no or incomprehensible explanation. We don't want to confuse you that's why we made our lists as easy as possible.

Most of the rates are per house and night.
One child below 12 years is in nearly all houses free of charge.

Transfers from and to Airport will be arranged by us.

You can organise your travel individually and combine it with any airline that flies to the proposed destination.
We would be glad to help you.

All holiday houses have an own house maid that normally comes every morning for a few hours.

Rates are subject to modifications that can be caused by contract partners, exchange rate or misprints.

We attach big importance to the following points: Our guests should get a personal service on location, as an individual traveler, can expect by booking by Mauritius Individuell. This starts with an individual advice given by profesionels that know the island and follows with an individual transfer on arrival (for example you will be personally picked up by our drivers at the airport and direktly driven to your hotel) as well as an individual support service given by our tour guide during your stay.
